# **EDUCATIONAL LEADERSHIP PROGRAM**

From Management to Impact:  
Reimagining Educational Leadership

**STRATEGIC DIRECTION**

**CURRICULUM & PEDAGOGICAL SUPERVISION**

**PROFESSIONAL LEARNING COMMUNITIES**

**INTEGRATING IDEAS**

## ABOUT THE PROGRAM

The Educational Leadership Program is an intensive four (4) days program designed specifically for School Principals and Academic Leaders.

Delving deep into the strategic and functional dimensions of educational leadership, this program will equip participants with essential strategies and tools required to enhance student learning outcomes. Recognizing the unique contexts of different schools, the program builds upon certain common leadership principles which would help leaders enhance educational practices and processes within their institutions.

Spread over a series of inter-related working modules, the program is designed to be challenging and thought-provoking. In each session, participants will find themselves thinking hard and working meticulously with different notions and tools. Additionally, the guest speaker sessions will inspire participants with fresh ideas flowing in from diverse thought domains.

## PROGRAM OBJECTIVES

### ► **Strategic Direction**

A clear direction regarding how to improve educational quality within their respective educational settings through strategic planning and implementation.

### ► **Curriculum & Pedagogical Supervision**

Essential resources and steps to effectively supervise curriculum development, classroom pedagogy, and assessment design for enhanced student learning.

### ► **Professional Learning Communities**

A distinct vision and a cohesive set of practices for cultivating professional learning communities.

### ► **Integrating Ideas**

An enhanced ability to integrate educational ideas with practical organizational strategies to enhance effectiveness across all stages of the educational process.

## PROGRAM LEAD

Abdul Haseeb is currently working as an Educational Consultant for an organization based in Beirut, Lebanon. He brings with himself a decade of professional experience split between Educational Consulting and Professional Development and Teaching. His main interests lie in Leadership Development and Organizational Effectiveness.

He has been associated with various reputable organizations including AKU - IED, Oxford University Press (OUP), Durbeen, City School Network and Karachi Down Syndrome Program (KDSP). His last full-time position in Pakistan was as a Chief Education Officer for a non-profit educational organization.

Abdul Haseeb holds an MA International Development from the University of Warwick and a BSc (Honors) from Lahore University of Management Sciences (LUMS)
