TESTIMONIALS

School Principal

Dar e Arqam School

I highly recommend this course to every educationist. It offers valuable perspectives on leadership and provides practical tools to reimagine and enhance our educational strategies.

The program significantly improved my focus on teachers' learning, development, and job satisfaction. One of the most impactful parts of the session was when the speaker guided us to write our Vision and Mission Statements.

Tarbiyah Head

Message Grammar School – Lahore

This program has significantly transformed my perspective on educational leadership, providing a fresh lens on the pivotal role of leadership in shaping effective educational practices and outcomes.

I highly recommend this program to other educational leaders. The insights gained are indispensable for anyone looking to drive meaningful change in schools.

Participants'

TESTIMONIALS

Vice Principal

Reflections School

The facilitator was not only knowledgeable, experienced and engaging, his manner proved that trainings can be fun with the right blend of practical and theoretical approach. He involved each participant inspiring with his positivity and gentle ways. It was after a very long time that I saw each participant feel heard and valued.

I can safely & openly vouch that the institute & team would prove beneficial for every person in education as I left the workshop feeling more confident, inspired, and equipped with the tools necessary to lead effectively in today's dynamic work environment.

Oxford University Press

I wholeheartedly recommend Abdul Haseeb for any training needs. His dedication to producing high-quality work is evident in the depth and thoroughness of the work he produces. His ability to engage learners and deliver content with precision is commendable. Can confidently endorse him for top-notch training services.
